

DEAD FISH

Aim: To teach focus, listening, team work, negotiation, and creativity

Age: 5 – 105

Time: 15 minutes

Materials Needed: Relatively open space

Basic Rules:

- Teacher calls out an object, animal, etc. and students become it. Students are only allowed to use BODY and IMAGINATION.

TIPS: Use this when you are teaching about animals and plant life in regions of the planet – the Rainforest, Tundra, Antarctica, etc.

Level Up:

- Invite students to create groups of two, then they create what you call out with BOTH bodies. Using their bodies to create ONE thing.
- Invite students to create groups for four.

Elimination:

- Once in groups, give them 10 seconds to create object, if they can't they are out.
- Invite them to create silently, if they can't they are out.
